### Art Grand Slam

Club Concierge are delighted to be the event managers of the inaugural London exhibition of a unique project by tennis legend Martina Navratilova, 9 times Wimbledon Champion and Slovak artist Juraj Kralik. Beginning 8 years ago, Martina and Juraj set out to create unique modern art pieces using paint covered tennis balls which are expertly hit against canvas by the trustful hand of Martina.

The pieces have been created at the various Grand Slam venues and highlight the variations of the surfaces at each, including the grass at Wimbledon and the clay at Roland Garros.

Having exhibited the art worldwide, Art Grand Slam is now appearing in London where you can view and purchase these unique pieces.

- **Smith's of Smithfield Restaurant, 67 Charterhouse Street, London EC1**  
**22nd June - 12th July**  
The artwork is appearing on the walls of this Grade II listed building which is headed up by 'MasterChef' presenter and chef, John Torode. Please go to [www.smithsofsmithfield.co.uk](http://www.smithsofsmithfield.co.uk) to book your reservation or to see Art Grand Slam in all of its glory.
- **Fairway Village Hospitality Complex, Wimbledon Championships, SW19**  
**23rd June - 6th July**  
The Fairway Village Hospitality Complex is a unique village temporarily built opposite the Championships to host various companies during Wimbledon. With its vast wall space, Art Grand Slam is a remarkably perfect fit with Martina hosting Q & A sessions each day. If you are lucky enough to be attending the Fairway Village then enjoy— but if not and you are going to Wimbledon anyway, give Club Concierge a call and we will arrange a viewing in the Village for you and your guests. Hospitality is still available within the Fairway Village, so call Club Concierge now to book your places.
- **The Smithfield Gallery, 16 West Smithfield, London, EC1A 9HY**  
**30th June - 12th July**
